TruFade is designed for the user and has an excellent reputation for reliability, superior build quality and simplicity of use. It has a proven track record within many laboratories around the world.

### KEY BENEFITS

#### SIMPLICITY OF OPERATION

Exceptionally easy to use. Can be operated with minimal training, saving time and reducing the potential for operator error.

#### INTUITIVE SOFTWARE

As intuitive as a SmartPhone. It can be configured to be as simple or comprehensive to meet the specific needs of the user. Routine testing can be started with only three touches of the touchscreen.

Features include pre-programmed standards and a simple 'traffic light' system which allows the user to see, at a glance, if all their parameters are within the specification.

#### EFFICIENT LOADING

Easy access allows the specimens to be loaded in just a few seconds at a height ideal for most users.

#### GUIDES ENSURE CLEAR ASSESSMENT

Reliable assessment assured when placing the masks on the specimens.

#### EASY LAMP INSTALLATION

Tool-free lamp installation with access at a height suitable for most users.

#### WATER FILL EASILY ACCESSIBLE

32 litre integrated water reservoir at the front of the instrument for full accessibility and ease of use.

#### SOLARSSENS RADIOMETER

Positioned on the carousel in the same plane as the sample holders, to ensure irradiance is measured in the same position of the specimens under test.

#### TRI-SIDED SPECIMEN HOLDERS

Tri-sided specimen holders increase the usable exposure space to up to 1640<sup>2</sup>cm.

#### ERGONOMIC DESIGN

The unique innovative design maximise the available testing capacity and enables a faster throughput of testing.

### DIMENSIONS

|                  | Height<br>(mm) | Width<br>(mm) | Depth<br>(mm) | Weight<br>(kg) |
|------------------|----------------|---------------|---------------|----------------|
| With door closed | 1560           | 754           | 830           | 240            |
| With door open   | 1560           | 1356          | 876           | 240            |
